

Dear parents/carers,

As part of the Year 9 'Life and Death' unit in Philosophy, Religion and Ethics we will be covering the issue of euthanasia. We would like to show students the film 'A Short Stay in Switzerland', which has been rated a Certificate 15. This is a BBC drama based on the true story of Dr Anne Turner, who travelled to Dignitas to end her life after being diagnosed with an incurable disease. The film has been carefully selected as an excellent resource for prompting discussion and helping students to understand this complex issue, and the topic is dealt with sensitively. If you do not wish your child to be shown this film, or you would like to discuss this further, please do not hesitate to contact me at the email address below.

Kind regards,

Amy Rennocks
